Tenders from Agents, without proper authorization from the manufacturer as per Section XIII, shall be treated as non-responsive.

Where the Tenderer has quoted for more than one schedule, if the tender security furnished is inadequate for all the schedules, the Purchaser shall take the price tender into account only to the extent the tender is secured. 22.2 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. No credit will be given to earlier deliveries and tenders offering delivery beyond one month of the stipulated delivery period will be treated as unresponsive.

c) Deviation in payment schedule

The special conditions of contract stipulate the payment schedule offered by the purchaser.
